

# Form Bank

Requirements for the [Metadata Sharing Server](#) are being gathered. It is designed to replace this page with a better tailored approach. If you have any suggestions, please visit the [project page](#) and contact us.

This form bank is an exchange area between OpenMRS implementers to share electronic forms. Please consider [exporting](#) your forms with the [Metadata Sharing Module](#) and sharing them here. Contributors should attach the OpenMRS form to this page, along with an optional original paper form. It is recommended that metadata sharing module is used to create a zip file which contains the form along with all dependencies (concepts, datatypes, classes, etc). The form could be htmlform, Xforms or an Infopath form. To use a form from the form bank, you will need to download and install the [Metadata Sharing Module](#). You can find instructions for importing metadata (the XML files on this page) in the [User's Guide for Metadata Sharing](#).

Forms can now be exported between various versions of OpenMRS. See OpenMRS ticket [\[META-44\]](#) and [\[META-168\]](#)

Contributor	Program	Description	OpenMRS 1.8	OpenMRS 1.9	OpenMRS 1.10	Paper form (optional)
			<i>MDS package created with OpenMRS 1.8.3, Metadata Sharing 1.0.1 and htmlform 1.8.3-SNAPSHOT</i>	<i>MDS package created with OpenMRS 1.9.2, Metadata Sharing 1.1.8 and htmlform 2.0.5</i>	<i>MDS package created with OpenMRS 1.10.1, Metadata Sharing 1.1.8 and htmlform 2.5-SNAPSHOT</i>	
Ellen Ball on Nov 2017	Haiti forms for multiple clinical programs	Primary care, oncology, surgery, NCD, mental health, etc.			<a href="#">Github</a>	
Ellen Ball on Nov 2017	PIH Malawi forms for HIV and NCDs	HIV, NCD (hypertension, diabetes, epilepsy, mental health, chronic lung disease)		<a href="#">Github</a>		
Hospital Albert Schweitzer Haiti on Jan. 2015	Vaccination	Vaccination and Supplement Form			<a href="#">Vaccination_and_Supplement</a>	Carte Nationale de Vaccination 2.jpg  <a href="#">Vaccination_and_Supplement_HTML.txt</a>  <a href="#">Vaccination_Form_Features_Explanation.pdf</a>
Hospital Albert Schweitzer Haiti on Jan. 2015	Prenatal	Basic Prenatal Form			<a href="#">Prenatal</a>	
Hospital Albert Schweitzer Haiti on 24 Feb. 2012	Lab	Lab form for entering various lab results	<a href="#">Lab [metadata of htmlform]</a>
