#### Agenda & Notes

- Review last week TODOs
  - TODO: Created a ticket to add "rename a module" feature as a maven task that can be invoked by SDK command "omrs-rename newname"
  - TODO: consider using grunt maven plugin to allow automated builds to easily issue grunt commands
  - TODO: Document different ways to provide backwards compatibility and when to use hibernatecompatibility
- WIP: PIH/Haiti Update w/ Mike Seaton
  - Questions

- Does the registration plastic card have ID and demographics printed on it? What's the cost per patient?
  - 8¢/card, \$1500/printer, probably ~10¢/card or more counting ink/printers/etc.
  - Patient payments help offset cost.
- After Action Review
  - What did you expect to happen?
  - What actually happened?
  - What can we do different?
- Preview next week
  - REST web services: how to substantially improve them W/ Burke Mamlin & Darius Jazayeri
