

# Community Requested Issues Sprint

## Goals

The goal is to conduct a sprint with the tickets that received highest number of votes by the community.

This is a combination of new feature requests and bugs.

## General Info

Topic: Community Requested Issues Sprint

Lead: [Daniel Kayiwa](#)

Date: 07-November-2012 to 20-November-2012

### Group Chat

via IRC on the [#openmrs](#) channel on freenode.

Use this channel for **ALL** debugging and random questions having to do with the sprint. Please avoid direct messaging to personal contacts. If you have a question, someone else probably does too, and our geographically distributed community benefits from public group discussion.

## How to Participate

Add your name to the list on this wiki page (with any comments about your availability). If you want to join after the sprint has started just join the IRC channel mentioned above and say hello.

The general process:

1. New to OpenMRS sprints? Want help getting started? Join [the IRC channel](#) and say "dkayiwa": I'd like to participate in the sprint!"
2. Pick a ticket from the available tickets in the top-left of the sprint dashboard page. (listed below)
  - Make sure it does not depend on a ticket that is incomplete.
3. If you have any questions about the ticket, ask on the group chat
4. Do the ticket
5. Commit code and click "Committed Code" (preferred) or attach a [patch|docs:Patches] and click "Request Code Review"
6. [Join the daily scrum to share your updates](#)

## Participants

- [Daniel Kayiwa](#)  
[Unknown User \(surangak\)](#)

## Tickets
