

# Spring Notes

OpenMRS uses the Spring 3.x framework.

Resources:

- See the [Spring MVC](#) and [Spring DI and AOP](#) sections of the [Technical Overview](#).
- [Spring documentation](#). Be sure it's the correct version - Google tends to return 2.5 documentation in results. Note in particular the [Web MVC Framework](#) chapter.
- [Annotation-Driven Spring MVC](#)
- [Annotation MVC Example for Cape Town](#)
