- [Darius Jazayeri](#)
- [Emerson Hernandez](#)
- [Sri Maurya Kummamuru](#)

Goals

- Release 2.2 on 31 March!

Discussion items

Item	Who	Notes
OCL subscription module	Rafal Korytkowski	<ul style="list-style-type: none">• OCL server is still having issues serving content for our module. We are waiting for it to be fixed.• Product owner for version oneshould be someone from KenyaEMR• talk to Jonathan about common vision for OCL and OpoenMRS
OpenMRS 2.2		<ul style="list-style-type: none">• need to go thru unresolved OpenMRS 2.2 issues• concern around 2.2 bugs so believe we should delay release one week to have testing of modules done• need to test modules against 1.11• need to revise OpenMRS 2.2 release notes• create list of tasks for going thru outstanding tickets (list)• create strategy/list of tasks to go thru basic functionality for distributed modules (list)• consolidate any tips for distributed module for the module pages and to the owners• deadline one week?• every module that is bundled should be tested authors/owners can probably help if directed to environment where they can test
Condition List	Emerson Hernandez	<ul style="list-style-type: none">• 9 JIRA tickets• when we have questions around stories and epics where to get them answered? answer: mailing list, talk, design calls• need to get things working in EMR API• Darius thinks there is a need to have a web services ticket• would like to set up a showcase for condition list on a design call or dev forum

Action items

- Burke Mamlin to email Steven Wanyee to see what extent OCL is on KenyaEMR's radar and who should be the product owner
- [Sri Maurya Kummamuru](#) will work on revising [OpenMRS 2.2 release notes](#)
- [Sri Maurya Kummamuru](#) will reach out to module owners and the community to help test 2.2 and document findings on [OpenMRS 2.2 release notes](#) page
- Jamie Thomas will follow up with Emerson Hernandez to get a showcase of condition list on an upcoming design forum
