Welcome to the OpenMRS Wiki page for the Documentation Team! Below you will find a centralized source of information regarding anything that may pertain to our team, including when we have weekly meetings and how we envision this team becoming.

- Before attending or presenting via computer, try the web browser microphone/speaker test.
- Read the UberConference support pages for troubleshooting or contact them in case of problems.

Be Considerate of Others

- Please be on time for your meeting, and end on time.
- The conference line is a shared resource for our community's use in our open source projects. Please do not use it for 3rd-party or personal meetings.
- Be sure to confirm (and add) your meeting time on the Community Meeting Calendar to ensure others aren't using the service at the same time.
- Please don't schedule meetings "back to back". Allow time for one meeting to wrap up before the next meeting begins.
