### Agenda

Leads Update

- Burke
  - Have been working on Reference Application ready for OMRS13
    - RoadMap - <https://wiki.openmrs.org/display/projects/Reference+Application+Road+Map>
    - Make subtle changes on how we do a standup to upgrade the OMRS process a bit - TW good example of changes
    - Mirebalais and TW experience can be good tools for us to learn from
    - Paul believes that structure and governance model will be helpful in creating OMRS process
    - Seeing a lot of getting involved growth - there are people who want to get involved and those who by making an investment won't get their work done - believe structure of roles and responsibilities can help with our growing number of interested community members
    - Want to document the role of a documentation leader
- Paul
  - Would like to get feedback on ED role and responsibilities in the near future
  - Relationship Management and Opportunities
    - Been getting queries from large organizations for doing work on top of OMRS
- OMRS13
  - OMRS13 registrations as of today
    - Earlybird through end of the month
    - 15 registrations
  - Scholarship applications as of today
    - Open until the end of this week

- 59 applicaitons at this time
- Strategic Guest List
  - Need to start thinking about this list
  - Need to also think about the rationale for those attendees
  - TODO - Michael will send out a document to organize everyones invitees in one place
  - Bill Tiereny will be attending this year
- Sponsors - TW, Merck
- Volunteers - taking local applications right now
- Local Sponsors - Going slow but moving forward
