OpenMRS Meetings @ UberConference

Be Prepared for Your Meeting   • Consider connecting via telephone/VoIP for best audio quality.   • If connecting via computer, be sure your network has the audio/video bandwidth you need.   • Before attending or presenting via computer, try the web browser microphone/speaker test.   • Read the UberConference support pages for troubleshooting or contact them in case of problems.
Be Considerate of Others   • Please be on time for your meeting, and end on time.   • The conference line is a shared resource for our community's use in our open source projects. Please do not use it for third-party or personal meetings.   • Be sure to confirm (and add) your meeting time on the Community Meeting Calendar to ensure others aren't using the service at the same time.   • Please don't schedule meetings "back to back". Allow time for one meeting to wrap up before the next meeting begins.
